Other than a minor fuel gauge fix, AmSnow's '09 Blue Doo was flawless - we went the entire season on the same belt and experienced no other issues. The 800R motor pulls hard and runs great. The XP Summit likes ultra-deep powder and powers up on top of the snow and keeps on going. Another personal favorite on the sled is the suspension.

In its first year, the REV XP-based Summits were a little heavier than first expected, but don't let that diminish how they have changed our view of "stock" mountain sleds. Now for 2009, a host of improvements and changes have been made to address the drive belt durability and operating temperature.
