The Alfa 159 Sportwagon is a far more effective estate than its predecessor the 156. The earlier car was an afterthought, that appeared three years after the 156 saloon - but the 159 Sportwagon was developed alongside its saloon counterpart, launched in 2006. The Sportwagon is much stiffer than the old model, making it feel better on the road but one of the biggest improvements is to its load carrying ability.
