A resource for students, providing training in construction crafts. It covers the Craft Certificate requirements, giving information that students need to pass their exam. It features exam style multiple-choice assessment questions, which provide extra support for revision and exam preparation.

The IET Wiring Regulations are of interest to all those concerned with the design, installation and maintenance of electric wiring in buildings. The market includes electricians, electrical contractors, consultants, local authorities, surveyors and architects. This book will also be of interest to professional engineers, as well as students at university and further education colleges. All users of the IET Wiring Regulations need to be aware of the coming changes in the 18th Edition (BS 7671:2018). This is intended to come into effect on 1st January 2019, although industry needs to start preparing for this from its point of publication (2nd July 2018).

This title provides all the information the reader will need to pass the City & Guilds level 2 diploma in electrical installations.

Talk is powerful. And it isn't just 'difficult' conversations that matter! the everyday dialogue we have with one another is critical to both personal and organizational success. Packed with sample dialogues and dozens of personal stories, and backed by solid research and the authors' firsthand observations, The Four Conversations describes how to get maximum results from conversations that every one of us must use to get things done: initiative conversations introducing something new, understanding conversations to help people relate to ideas or processes, performance conversations requesting specific actions, and closure conversations that recognize achievements and signal completion of the work. As Jeffrey and Laurie Ford clearly demonstrate, engage in the right conversation at the right time! plan and start each one well, finish every one effectively! and extraordinary things can happen.

This title provides all the information the reader will need to pass the City & Guilds level 2 diploma in electrical installations.

Suitable for students setting out for a career in plumbing, this book helps them study for their Technical Certificate and Level 2 NVQ. It guides you through the key areas and processes in plumbing, from the basics through cold and hot water systems to health and safety and best practice on site.
