Examines unusual animal facial features and how they help the animals survive.

Dear axolotl: Why do you have feathers growing out of your head? Axolotl: They aren't feathers—they're gills! They let me breathe underwater. Let's face it. Even as babies, we humans pay close attention to faces. Observing another person's features and expressions tells us whether they are happy, angry, excited, or sad. And when we look at an animal, it's hard not to imagine that its face is communicating

human feelings. This isn't true, of course. Squinty eyes, an upturned mouth, or another odd expression is probably there because, in some way, it helps that animal survive. Packed with many cool facts and visuals on where certain animals live and what they eat, this book captures twenty-five humorous—and very true—explanations of why animals look the way they do in order to exist in this world.

Vibrantly illustrated by new talent Natasha Durley, this is an animal book with a difference. Each page is bursting with unusual creatures united by a common characteristic. From enormous ears to humongous horns, from elephants to earwigs, this eclectic collection celebrates the diversity and the commonality of the animal kingdom. And with something to look for on every page,

A nose for digging? Ears for seeing? Eyes that squirt blood? Explore the many amazing things animals can do with their ears, eyes, mouths, noses, feet, and tails in this interactive guessing book, beautifully illustrated in cut-paper collage, which was awarded a Caldecott Honor. This title has been selected as a Common Core Text Exemplar (Grades K-1, Read Aloud Informational Text).

Profiles a series of animals with unusual eyes and explains how such animals use their uniquely evolved eyes to gain essential information about the biological world.

The award-winning team of Steve Jenkins and Robin Page introduce young readers

to some of the stealthiest, most astonishingly camouflaged animals in the natural world and ask them to seek out these sneaky animals hiding in plain sight! Ideal for readers of the Over and Under books. Why do some animals blend in to their surroundings? Why do certain creatures have fur, feathers, and features designed to look like the plants and rocks they live near? In *Look Again!*, the most well-disguised animals on the planet are gathered together to showcase the range of ways animals try to avoid each other's attention, and why. This eye-catching book invites readers to seek out the astonishingly camouflaged animals hiding in plain sight--then reveals them on the next page! From lying in wait to avoiding predators, protecting themselves or sneaking up on a foe, each animal in *Look Again!* has a remarkable skill for evading detection.
