I found David Busch's guide to the Sony Alpha DSLR A380/A330/A230 Digital camera to be very informative and well layed out so cross referencing is kept to the minimum.. each topic as a easy to see photo, before buying this book i was a little put off buying it because one or two of the reviews i had read from other people who had bought it had said it was just like a cover version of the instruction manual that came with the camera.The people who wrote that did the rest of us no service at all.
