Donna M. Mosch Craft Murdock retired in 2008 after teaching for 38 years in grades 4 - 6. As a graduate of Elmira College, her first 17 years were spent teaching in Elmira, NY for the Rochester Diocese. the remaining time was in Williamsburg, VA. During this time she took numerous courses from Shenandoah University and the College of William and Mary. She retired from York County School Division where she taught 5th grade. Her notes that she gave her math students (the basis for this book) have helped her many students excel on their 5th grade math SOL (Standard of Learning) test.

This book is about incorporating student voice, student input, and student presence into leadership, decision-making and school improvement planning.

Engage students in effective, meaningful experiences in mathematics! Following the format of Marcia L. Tate's previous bestsellers, this user-friendly guide offers math teachers 20 powerful, brain-based teaching strategies that incorporate visual, auditory, kinesthetic, and tactile modalities to promote student engagement and achievement. The book focuses on the NCTM focal points and includes a bibliography of math and literature resources and a lesson planning guide. The chapters offer: A what, why, and how for each strategy Specific brain-compatible mathematics activities and lessons from real teachers across the country Space for teachers to reflect on and apply individual strategies in their lessons
