Explores the complexity of Cuban dance music and its connection, musically and historically, to other Caribbean musics, as well as to salsa and Latin jazz.

Based on unprecedented research in Cuba, the direct testimony of scores of Cuban musicians, and the author's unique experience as a prominent jazz musician, *Cubano Be, Cubano Bop* is destined to take its place among the classics of jazz history. The work pays tribute not only to a distinguished lineage of Cuban jazz musicians and composers, but also to the rich musical exchanges between Cuban and American jazz throughout the twentieth century. The work begins with the first encounters between Cuban music and jazz around the turn of the last century. Acosta writes about the presence of Cuban musicians in New Orleans and the "Spanish tinge" in early jazz from the city, the formation and spread of the first jazz ensembles in Cuba, the big bands of the thirties, and the inception of "Latin jazz." He explores the evolution of Bebop, Feeling, and Mambo in the forties, leading to the explosion of Cubop or Afro-Cuban jazz and the innovations of the legendary musicians and composers Machito, Mario Bauzá, Dizzy Gillespie, and Chano Pozo. The work concludes with a new generation of Cuban jazz artists, including the Grammy award-winning musicians and composers Chucho Valdés and Paquito D'Rivera.

a broader, more informed discussion. He presents fascinating musical biographies of prominent performers Cachao López, Mongo Santamaría, Armando Peraza, Patato Valdés, Francisco Aguabella, Cándido Camero, Chocolate Armenteros, and Celia Cruz. Based on interviews that the author conducted over a nine-year period, these profiles provide in-depth assessments of the musicians' substantial contributions to both Afro-Cuban music and Latin Jazz. In addition, Fernandez examines the links between Cuban music and other Caribbean musics; analyzes the musical and poetic foundations of the Cuban son form; addresses the salsa phenomenon; and develops the aesthetic construct of sabor, central to Cuban music. This entertaining history of Cuba and its music begins with the collision of Spain and Africa and continues through the era of Miguelito Valdes, Arsenio Rodriguez, Benny More, and Perez Prado. It offers a behind-the-scenes examination of music from a Cuban point of view, unearthing surprising, provocative connections and making the case that Cuba was fundamental to the evolution of music in the New World. The ways in which the music of black slaves transformed 16th-century Europe, how the "claves" appeared, and how Cuban music influenced ragtime, jazz, and rhythm and blues are revealed. Music lovers will follow this journey from Andalucia, the Congo, the Calabar, Dahomey, and Yorubaland via Cuba to Mexico, Puerto Rico, Saint-Domingue, New Orleans, New York, and Miami. The music is placed in a historical context that considers the complexities of the slave trade; Cuba's relationship to the United States; its revolutionary political traditions; the music of Santeria, Palo, Abakua, and Vodou; and much more.

As jazz enters its second century it is reasserting itself as dynamic and relevant. Boston Globe jazz writer and Emerson College professor Bill Beuttler reveals new ways in which jazz is engaging with society through the vivid biographies and music of Jason Moran, Vijay Iyer,

Rudresh Mahanthappa, The Bad Plus, Miguel Zenón, Anat Cohen, Robert Glasper, and Esperanza Spalding. These musicians are freely incorporating other genres of music into jazz—from classical (both western and Indian) to popular (hip-hop, R&B, rock, bluegrass, klezmer, Brazilian choro)—and other art forms as well (literature, film, photography, and other visual arts). This new generation of jazz is increasingly more international and is becoming more open to women as instrumentalists and bandleaders. Contemporary jazz is reasserting itself as a force for social change, prompted by developments such as the Black Lives Matter, #MeToo movements, and the election of Donald Trump.
