The new edition of the bestselling guide on creating and using key performance indicators—offers significant new and revised content **Key Performance Indicators (KPIs)** help define and measure the organizational goals which are fundamental to an organization ' s current and future success. Having solid KPIs is crucial for companies that are implementing performance management systems, such as balanced scorecards, six sigma, or activity-based management. In many organizations, KPIs are often too numerous, randomly assembled, and overly complex—essentially rendering them ineffectual, or at worse, counterproductive. **Key Performance Indicators** provides a model for simplifying the complex areas of KPIs while helping organizations avoid common mistakes and hazards. Now in its fourth edition, this bestselling guide has been extensively revised and updated to incorporate practical lessons drawn from major implementations. Fresh content includes a more concise KPI methodology with clear implementation guidance, original insights on how other areas of performance management can be corrected, and new in-depth case studies. A revised starter kit is included to identify critical success factors, and the KPI resource kit contains updated worksheets, workshop programs, and questionnaires. Helping readers to better define and measure progress toward goals, this important guide: **Dispels the myths of performance measurement and explains a simple, yet powerful KPI methodology** **Explains the 12-step model for developing and using KPIs with guidelines** **Helps readers brainstorm performance measures, sell KPI projects to the Board and senior management, and accurately report performance** **Features the " KPI Project Leaders Corner " which provides readers with essential information and useful exercises** **Includes an array of practical tools—templates, checklists, performance measures—and a companion website (www.davidparmenter.com)** **Key Performance Indicators: Developing, Implementing, and Using Winning KPIs, 4th Edition** is important resource for C-suite executives, senior management, project teams, external project facilitators, and team coordinators involved in all aspects of performance management systems.

Basel A - Kuwait "It's a great idea, for folks who don't have a clue where to start. If you're a strategy consultant who shapes strategies for your clients, you need a tailored set of performance metrics" Shelley Somerville, Social Change Strategist - LA, USA "A very comprehensive list of KPIs across a number of functions, industries, etc. As an organizational consultant, I could use this resource as a jumping off point to discuss KPIs with a client based on their particular needs. This book could be a great tool to pick and choose the correct KPIs based on a number of criteria" Anthony Bussard - Dynamic, Innovative HR Effectiveness Consultant - Boston

Given our rapidly changing world, companies are virtually forced to engage in continuous performance monitoring. Though **Key Performance Indicators (KPIs)** may at times seem to be the real driving force behind social systems, economies and organizations, they can also have far-reaching normative effects, which can modify organizational behavior and influence key decisions — even to the point that organizations themselves tend to become what they measure! Selecting the right performance indicators is hardly a simple undertaking. This book describes in detail the main characteristics of performance measurement systems and summarizes practical methods for defining KPIs, combining theoretical and practical aspects. These descriptions are supported by a wealth of practical examples. The book is intended for all academics, professionals and consultants involved in the analysis and management of KPIs.
