In an age of skepticism and disenchantment, people long for
something that satisfies our mind's search for truth and our heart's
desire for beauty and meaning. Stand Firm: Apologetics and the
Brilliance of the Gospel argues that the gospel satisfies both of these
needs. It is true and rational, but it is also inherently attractive and
provides meaning and purpose. In short, the gospel is brilliant. It is
brilliant, in one sense, because of the broad variety of evidences for its

truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith.

Princess Lu knows that the throne of the Empire of the First Flame rightfully belongs to her. After all, she is the late Emperor's firstborn and has trained for the role all her life. And she can't forget made a promise to shapeshifter Nok, the boy she came to love, to win justice for his now powerless people. But even with an army at her side, Lu will need to face down a major obstacle: the current sitting Empress, her once beloved younger sister, Min. Princess Min used to live in Lu's shadow. But now she can control a powerful, ancient magic, and she's determined to use it to forge her own path and a strong future for the Empire, even if that means making enemies in court. But Min's magic isn't entirely under her control, and she must learn how to tame it before it consumes her . . . and the entire realm. Lu and Min are set for a confrontation that can't be stopped. But the Empire faces threats greater than their rivalry, and even if they choose to stand together, it could cost them both the throne-or their lives.
