Medieval History as Development One important reason for studying medieval history is that it was during the medieval period that the early outline of Europe was being drawn. Rome had once held the whole of Europe in its iron grasp, but the influx of barbarians from the east toppled the mighty empire in the 5th century.

Why Study Medieval History? | HubPages

Medieval builders regularly used wood as well as stone, and in many parts of England, the main tradition remained timber framing throughout the Middle Ages. Timber was used not only for modest dwellings and agricultural buildings but also for ambitious town houses and guildhalls, like those in the Suffolk wool town of Lavenham and for the upper storey of York's Merchant Adventurers' Hall.

The Medieval period runs from the end of Late Antiquity in the fourth century to the English Renaissance of the late fifteenth century. The early portion of the Medieval period in England is dominated by Anglo-Saxons, whose language is incomprehensible to today's speakers of English. That early portion is known as the Old English period. (It is covered in a separate section of this website.)

Medieval Times Lessons, Worksheets and Activities

Medieval society was essentially governed by patriarchy and women were subjected to male control regardless of their social class. In fact, the life of a peasant woman was enveloped by prohibition and general limitation imposed by the opposite sex. Women had to submit first to their father or to the male breadwinner of the house.
