"Practicum and internship courses are the most challenging and exciting components of a counselor's academic preparation. This hands-on text is the ideal resource for such students as they begin the process of translating counseling theory into effective clinical practice. The authors' clear, conversational approach not only orients students to the challenges of clinical training but also enhances their ability to learn from these experiences." "Translating Theory into Practice covers all aspects of counselor training, from the core relationships that are essential to professional development to workable suggestions on selecting a field site, managing cases, terminating with clients, and networking with other mental health professionals. Vignettes and sample dialogues highlight real-world ethical issues and counseling concerns. The text also includes relevant information on state licensing requirements and national standards as well as several major codes of ethics. With insights gleaned from years of both teaching and professional counseling practice, the authors equip students with the skills they need to reap the full benefits that practicum and internship afford" --Book Jacket.

Guides the student and novice practitioner through preparation for the practicum experience, as well as the experience itself.

The stated purpose of this text is to assist supervisors and practicum students and interns in their practicum/internship training. This book contains theoretical components which are valuable and essential to the training of student counselors and psychotherapists. In addition to the theoretical aspects presented, training activities germane and necessary to the development of applied counseling skills are explicated. The text responds to major changes that have taken place in the professional, legal, and ethical aspects of training. The first chapter discusses definitions, phases, and standards for internships. The second and third chapters focus on practicum and internship experiences respectively. The fourth chapter discusses monitoring the interactions with the client. The fifth chapter discusses monitoring the professional development of practicum students and interns. The sixth chapter focuses on ethical and legal guidelines, including standards of the American Association for Counseling and Development, the American Psychological Association, and the National Academy of Certified Mental Health Counselors. The seventh chapter discusses models and methods of consultation in schools and mental health agencies. The eighth chapter discusses recognizing and managing critical client problems. The last chapter includes forms for final evaluation. (ABL)

The Internship, Practicum, and Field Placement Handbook is a practical guide for interns in the helping professions, with real-world knowledge of the skills students need through every phase of their practicum, field placement, or internship. This text expertly guides students through the essential skills needed for beginning work in the field of mental health and outlines skills that will serve students throughout their academic and professional careers. Skills discussed include how to make a great first impression, understanding the process and content of clinical writing, recordkeeping, working with peers and supervisors, understanding diversity, cultivating self-care, and promoting safety. Every phase of the internship is discussed chronologically: from finding and preparing for placements to concluding relationships with clients and supervisors. Following an evidence and competency-based approach, the latest research findings are reviewed from the fields of psychology, social work, and counseling. The Internship, Practicum, and Field Placement Handbook is an invaluable resource for students, faculty, and supervisors engaged in the exciting, challenging experience of transitioning from academia into clinical training in the field.
