Lady Shona, the newly crowned queen of the realm, is a leader without a throne. Pursued relentlessly by a dark force, her small contingent of loyal followers must make a difficult choice--flee or fight. Determined to save her land from nefarious threats, Lady Shona decides that she must seek out the enemy and attack them head on--a strategy that leads back to the region of the Three Valleys where Hyam was born. Alas, Hyam has been struck by a mysterious illness that is silently sweeping through the realm. Known as the wasting disease, the sickness has no cure. But there is one shred of hope for Lady Shona and the realm--and it comes in the most unlikely of forms. A young orphan, untested and untrained, could well mean the difference between victory and total defeat. Thomas Locke concludes his epic trilogy with a gripping tale of courage that will inspire readers to persevere even when all seems lost.

Lady Shona, the newly crowned queen of the realm, is a leader without a throne. Pursued relentlessly by a dark force, her small contingent of loyal followers must make a difficult choice--flee or fight. Determined to save her land from nefarious threats, Lady Shona decides that she must seek out the enemy and attack them head on--a strategy that leads back to the region of the Three Valleys where Hyam was born. Alas, Hyam has been struck by a mysterious illness that is silently sweeping through the realm. Known as the wasting disease, the sickness has no cure. Life for Hyam is bittersweet. Admired by the citizens of Falmouth for his heroic rescue mission, he cherishes these peaceful days with Joelle by his side. Yet grief over the loss of his magical skills during the great Battle of Emporis threatens to engulf him. Sometimes he even wishes he had never known magic at all. When Hyam comes into possession of an ancient Milantian scroll, he is thrilled to feel the surge of power that courses through him whenever he touches it. But what he discerns in the text could mean war. He embarks upon another journey to determine its true meaning and forestall any attack. But as Hyam is seeking answers, he is unaware that the merchant of Alyss is seeking him . . .

Hyam is a likeable lad who will make a fine farmer someday. But he carries a burden few can fathom. As his mother slips toward death, she implores him to return to Long Hall, where he spent five years as an apprentice. It was there that Hyam's extraordinary capacity for mastering languages came to light--and soon cast him into the shadows of suspicion. How could any human learn the forbidden tongues with such ease? When Hyam dares to seek out the Mistress of the Sorceries, her revelation tears his world asunder. He has no choice but to set out on the foreboding path--which beckons him to either his destiny or his doom. An encounter with an enchanting stranger reminds him that he is part hero and part captive. As Hyam struggles to interpret the omens and symbols, he is swept up by a great current of possibilities--and dangers. With lyrical prose that unveils a richly imaginative world, Thomas Locke takes readers on a journey into the Realm. There he invites them to awaken their sense of wonder. This cracking adventure moves like a contemporary thriller but harkens back to the enduring genre of classic fantasy.

In Book One of Legends of the Brethren Court, Captain Jack Sparrow must reluctantly rely on the help of his untrustworthy first mate, Barbossa, and a ragtag crew as they take on the Shadow Lord.

It's been 50 years since the Great Crash and what was once America is now a collection of enclaves, governed on the local level and only loosely tied together by the farce of a federal government. Catawba, one of the largest and most affluent enclaves in the southern states, is relatively stable and maintains a successful business of trade with nearby enclaves, including the one at Charlotte Township. But when a new vein of gold is found beneath the feet of those in Catawba, it's only a matter of time before trouble finds them. Now the future of Catawba may be in the hands of an untried 21-year-old trader named Caleb. And Caleb knows that if his secret were ever to come out, he would never see another dawn.

For more than a decade, twins Sean and Dillon Kirrel have felt pulled toward another world--a place they have sketched out in detail and posted on the walls of their bedroom. They are certain it is out there. Soon after their seventeenth birthday, they are approached by a clandestine scout. To him, Earth is just a distant and unmonitored outpost of human civilization. But he explains that Sean and Dillon share a unique gift--the ability to transfer instantly from place to place. Transitors who are also twins are especially rare, and so they are offered an opportunity to prove themselves as recruits to the human assembly. If they don't

succeed within thirty days, their minds will be wiped. Either they make the grade as inter-planetary travelers--or this never happened. From the infinite imagination of Thomas Locke comes this otherworldly new series that will challenge young readers' understanding of time, space, and human limitations.
