Lawn care tips ▯ aerate your lawn. Compacted ground prevents grass growing well and can lead to bare patches in the summer and mud baths in the winter. Relieve the compaction and aerate the soil by pushing a garden fork about 10cm deep into the soil every 10cm and gently rocking back and forth on the fork handle.

With the help of a simple digging fork you can stamp holes into the lawn and fill them with coarse sand. This allows water from the surface to flow away and also provides the roots with oxygen. In order to clear away dead roots and other debris you might want to scarify your lawn.

Five easy tips for a beautiful lawn - Gardena

Rectangular lawns are easier to stripe than irregularly shaped lawns, but with a bit of practice, you can stripe up any lawn. Start by mowing around the edge of the lawn; For square or rectangular lawns, work from the left side, mowing up and down the lawn using the straight lawn edge as a guide to get a straight line

When the lawn is fully established, the height of cut can be reduced gradually to an optimum height of between 15mm and 35mm. Do this gradually to avoid scalping. For more mowing tips, see our mowing guide to help look after your new lawn throughout all the seasons.

Unsure How To Lay Turf? Use This Simple Laying Guide ...

Lawn Fertilising Tips. When selecting the fertiliser, check the m2 coverage. Pace out your lawn from one side to the other and then one end to the other. Multiply the two, giving you the square meterage of your lawn. All-Purpose Weed, Feed and Moss killers are great products if your lawn is in great all-round condition. They help your lawn to tick over, keeping moss in check and perhaps putting an end to a few daisies and broadleaf weeds you might find in your lawn.

The Simple Guide to Lawn Fertiliser | The Perfect Garden

Measure the dimensions of the lawn areas as per measuring guide you wish to cover (preferably in Metres) and plot it onto a blank sheet of squared paper. You can save the grid image below to your computer and print it. The artificial grasses are supplied in 4 Metre roll widths and upto 25 Metres on a roll. Some grasses are also in 2 Metre width rolls.

Measuring Guide | Luxury Artificial Grass | Easylawn ...

Grass gets a lot of wear over the warmer months, so make sure your lawn is in tip top condition. Feed the grass - the secret to greener grass is to feed your lawn. Kill lawn weeds - unless you like certain weeds, such as daisies. If so, either spray carefully with a lawn spot weed killer or dig out the weeds you want to remove with a daisy grubber.
