Bayard Rustin was an African American civil rights leader, peace activist, and orator. He was a prominent spokesman for nonviolent resistance to racial segregation and a vocal proponent of the United Negro College Fund. He was a close friend and advisor to Martin Luther King Jr. and a member of the Southern Christian Leadership Conference. He was also a member of the American Friends Service Committee and the American Friends of the World Council of Churches.

In 1956 Bayard Rustin taught Martin Luther King Jr. strategies of nonviolence during the Montgomery Bus Boycott, thereby launching the civil rights movement. Widely acclaimed as a founding father of modern black protest, Rustin reached international notoriety in 1963 as the openly gay organizer of the March on Washington. Long before the March on Washington, Rustin's leadership placed him at the vanguard of social protest. His gay identity, however, became a point of contention with the movement, with the controversy embroiling even King himself. Time on Two Crosses offers an insider's view of many of the defining political moments of our time. From Gandhi's impact on African Americans, white supremacists in Congress, and the assassination of Malcolm X to Rustin's never-before-published essays on Louis Farrakhan, affirmative action, and the call for gay rights, Time on Two Crosses chronicles five decades of Rustin's commitment to justice and equality.

Long before the March on Washington and King's ascendance to international prominence, Rustin put his life on the line to challenge racial segregation. His open homosexuality, however, remained a point of contention among black church leaders, with controversy sometimes embroiling even King himself. Time on Two Crosses showcases the extraordinary career of this black gay civil rights pioneer. Spanning five decades, the book combines classic texts ranging in topic from Gandhi's impact on African Americans, white supremacists in Congress, the antiwar movement, and the assassination of Malcolm X, with never-before published selections on the call for gay rights, Louis Farrakhan, affirmative action, AIDS, and women 's rights.

An ALA Best Book for Young Adults, an ALA Quick Pick, and an ALA Recommended Book for Reluctant Young Readers Nancy and Katie are best friends with one big thing in common—they both cut themselves. " Not by accident, we do it purposely—and regularly—because physical pain is comforting, and because now it has become a habit. " Crosses was the first novel for young adults to deal with an increasingly widespread disorder, and " graphically describes the cry for help of many adolescents and how far they have to fall before they are even noticed " (Voice of Young Adults).

In 1960s France, Gabriella Madison stumbles into intrigue, danger, and secrets in the shadowy underground of war. Refugees, smugglers, and operatives together reveal powerful lessons in woundedness, forgiveness, and faith.

A landmark in the conversation about race and religion in America. "They put him to death by hanging him on a tree." Acts 10:39 The cross and the lynching tree are the two most emotionally charged symbols in the history of the African American community. In this powerful new work, theologian James H. Cone explores these symbols and their interconnection in the history and souls of black folk. Both the cross and the lynching tree represent the worst in human beings and at the same time a thirst for life that refuses to let the worst determine our final meaning. While the lynching tree symbolized white power and "black death," the cross symbolizes divine power and "black life" God overcoming the power of sin and death. For African Americans, the image of Jesus, hung on a tree to die, powerfully grounded their faith that God was with them, even in the suffering of the lynching era. In a work that spans social history, theology, and cultural studies, Cone explores the message of the spirituals and the power of the blues; the passion and of Emmet Till and the engaged vision of Martin Luther King, Jr.; he invokes the spirits of Billie Holliday and Langston Hughes, Fannie Lou Hamer and Ida B. Well, and the witness of black artists, writers, preachers, and fighters for justice. And he remembers the victims, especially the 5,000 who perished during the lynching period. Through their witness he contemplates the greatest challenge of any Christian theology to explain how life can be made meaningful in the face of death and injustice.

Just this once . . . Please let me get away with it just this once . . . Toby wants a better life - for him and his girlfriend Callie Rose. He wants nothing to do with the gangs that rule the world he lives in. But when he's offered the chance to earn some money just for making a few 'deliveries', just this once, would it hurt to say 'yes'? One small decision can change everything . . . The fourth novel in Malorie Blackman's powerful Noughts & Crosses sequence.

When he left his Spanish base one spring day in 218 B.C. with his 100,000-man army of mercenaries, officers, and elephants, Hannibal was launching not just the main offensive of the Second Punic War but also one of the great military journeys in ancient history. His masterful advance through rough terrain and fierce Celtic tribes proved his worth as a leader, but it was his extraordinary passage through the Alps—still considered treacherous even by modern climbers—that made him a legend. John Prevas combines rigorous research of ancient sources with his own excursions through the icy peaks to bring to life this awesome trek, solving the centuries-old question of Hannibal's exact route and shedding fresh light on the cultures of Rome and Carthage along the way. Here is the finest kind of history, sure to appeal to readers of Steven Pressfield's Gates of Fire: alive with grand strategy, the clash of empires, fabulous courage, and the towering figure of Hannibal Barca.

Introduction by Terry Tempest Williams Afterword by T. H. Watkins " Called a " magnificently crafted story . . . brimming with wisdom " by Howard Frank Mosher in The Washington Post Book World, Crossing to Safety has, since its publication in 1987, established itself as one of the greatest and most cherished American novels of the twentieth century. Tracing the lives, loves, and aspirations of two couples who move between Vermont and Wisconsin, it is a work of quiet majesty, deep compassion, and powerful insight into the alchemy of friendship and marriage.
