Transformers Packaging by ...~~

Transformers Legacy is exactly what it claims to be - a visual history of Transformers art throughout the ages. The book is a large 'magazine' style format hardcover filled with a couple of hundred glossy pages displaying the box art for pretty much every Transformers toy ever released for the original G1 series in 1984, to Generation 2, the Japanese toy line, and even some oddities such as art from the 'Diaclone' series of toys which Hasbro purchased and used as the basis for most of their ...

Transformers. The race to find the Allspark is on between the heroic Autobots and evil Decepticons! With the Allspark, both sides can harness incredible new powers, including the power to convert Earth vehicles into Spark Armor: battle-ready gear that allows them to fight in new places and in new ways!

Via Twitter user @miiakira2017 we have a nice set of Transformers Generation 1 Early Concept Art. The images show us a very early design for Metroplex in both robot and city mode, an original sketch for Optimus Prime with extra cannons and a battle station mode, and some extra ideas that weren't used for the show or the toylines.
