An insightful, witty look at Virginia Woolf through the lens of the extraordinary women closest to her. How did Adeline Virginia Stephen become the great writer Virginia Woolf? Acclaimed biographer Gillian Gill tells the stories of the women whose legacies--of strength, style, and creativity--shaped Woolf's path to the radical writing that inspires so many today. Gill casts back to Woolf's French-Anglo-Indian maternal great-grandmother Thérèse de L'Etang, an outsider to English culture whose beauty passed powerfully down the female line; and to Woolf's aunt Anne Thackeray Ritchie, who gave Woolf her first vision of a successful female writer. Yet it was the women in her own family circle who had the most complex and lasting effect on Woolf. Her mother, Julia, and sistersStella, Laura, and Vanessa were all, like Woolf herself, but in markedly different ways, warped by the male-dominated household they lived in. Finally, Gill shifts the lens onto the famous Bloomsbury group. This, Gill convinces, is where Woolf called upon the legacy of the women who shaped her to transform a group of men--united in their love for one another and their disregard for women--into a society in which Woolf ultimately found her freedom and her voice.

Booker T. Washington is a part of the Famous Historic People Note Books series. Booker T. Washington was born into slavery, and beame a prominent educator, author, orator, and advisor to U.S. Presidents. He was the first African American to appear on a United States postage stamp. Virginia Woolf, throughout her career as a novelist and critic, deliberately framed herself as a modern writer invested in literary tradition but not bound to its conventions; engaged with politics but not a propagandist; a woman of letters but not a "lady novelist." As a result, Woolf ignored or disparaged most of the women writers of her parents' generation, leading feminist critics to position her primarily as a forward-thinking modernist who rejected a stultifying Victorian past. In Behind the Times, Mary Jean Corbett finds that Woolf did not dismiss this history as much as she boldly rewrote it. Exploring the connections between Woolf's immediate and extended family and the broader contexts of late-Victorian literary and political culture, Corbett emphasizes the ongoing significance of the previous generation's concerns and controversies to Woolf's considerable achievements. Behind the Times rereads and revises Woolf's creative works, politics, and criticism in relation to women writers including the New Woman novelist Sarah Grand, the novelist and playwright, Lucy Clifford; the novelist and anti-suffragist, Mary Augusta Ward. It explores Woolf's attitudes to late-Victorian women's philanthropy, the social purity movement, and women's suffrage. Closely tracking the ways in which Woolf both followed and departed from these predecessors, Corbett complicates Woolf's identity as a modernist, her navigation of the literary marketplace, her ambivalence about literary professionalism and the mixing of art and politics, and the emergence of feminism as a persistent concern of her work.

Volume 1 of 2. Full of flavor and zest, this collection of over 650 letters, two-thirds of them never printed before, is a companion piece to Rush's Autobiography. Written between 1761 and 1813, the letters trace Rush's career, from student in Scotland and England to signer of the Declaration of Independence and Philadelphia's leading physician. He writes to John Adams, Franklin, Jefferson, Witherspoon, and a host of others. Two fascinating series of letters chronicle the failures of the hospital service in the Revolutionary War and teh Philadelphia yellow-fever epidemic of 1793. Rush the private individual is revealed in the letters to his wife. Published for the American Philosophical Society. Lyman Butterfield is associate editor of The Papers of Thomas Jefferson Originally published in 1951. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

¶May God forgive me for the order,¶ Confederate Maj. Gen. John C. Breckinridge remarked as he ordered young cadets from Virginia Military Institute into the battle lines at New Market, just days after calling them from their academic studies to assist in a crucial defense. Virginia's Shenandoah Valley had seen years of fighting. In the spring of 1864, Union Maj. Gen. Franz Sigel prepared to lead a new invasion force into the Valley, operating on the far right flank of Ulisses S. Grant's Overland Campaign. Breckinridge scrambled to organize the Confederate defense. When the opposing divisions clashed near the small crossroads town of New Market on May 15, 1864, new legends of courage were born. Local civilians witnessed the combat unfold in their streets, churchyards, and fields and aided the fallen. The young cadets rushed into the battle when ordered:an opportunity for an hour of glory and tragedy. A Union soldier saved the national colors and a comrade, later receiving a Medal of Honor. The battle of New Market, though a smaller conflict in the grand scheme of that blood-soaked summer, came at a crucial moment in the Union's offensive movements that spring and also became the last major Confederate victory in the Shenandoah Valley. The results in the muddy fields reverberated across the North and South, altering campaign plans:as well as the lives of those who witnessed or fought. Some never left the fields alive; others retreated with excuses or shame. Some survived, haunted or glorified by their deeds. In Call Out the Cadets, Sarah Kay Bierle traces the history of this important, yet smaller battle. While covering the military aspects of the battle, the book also follows the history of individuals whose lives or military careers were changed because of the fight. New Market shined for its accounts of youth in battle, immigrant generals, and a desperate, muddy fight. Youth and veterans, generals and privates, farmers and teachers:all were called into the conflict or its aftermath of the battle, an event that changed a community, a military institute, and the very fate of the Shenandoah Valley.
