Vector 800. December 21, 2016 Written by admin. Quattrolifts is proud to introduce their latest machine the Vector 800. To meet the challenge of handling heavier and bigger loads a greater investment in machinery is called for. This investment needs to be justified commercially and that is why the Vector 800 is designed with versatility in mind. It can handle loads of 800kg, reach heights of 4.3 meters (600kg at full extension), operate in the horizontal and vertical plane and with six large ...
