This is the first
book-length functional-typologically
inspired
crosslinguistic
study of
comitatives and
related categories

Acces PDF Zapi Combi Sem 1

such as the instrumental. On the basis of data drawn from 400 languages world-wide (covering all major phyla and areas), the authors test and revise a variety of general linguistic hypotheses about the grammar and cognitive

Acces PDF Zapi Combi Sem 1

foundations of comitatives. Three types of languages are identified according to the morphological treatment of the comitative and its syncretistic association with other concepts. It is shown that the structural behaviour of

Acces PDF Zapi Combi Sem 1

comitatives is
areally biassed and
that the languages
of Europe tend to
diverge from the
majority of the
world's languages.
This has important
repercussions for a
language-
independent
definition of the
comitative. The
supposed

Acces PDF Zapi Combi Sem 1

conceptual
closeness of
comitative and
instrumental is
discussed in some
detail and a
semantic map of
the comitative is
put forward.

Markedness is the
crucial concept for
the evaluation of
the relation that
ties comitatives

Acces PDF Zapi Combi Sem 1

and instrumentals to each other. In a separate chapter, the diachrony of comitatives is looked into from the perspective of grammaticalisation research.

Throughout the book, the argumentation is richly documented by empirical data.

Acces PDF Zapi Combi Sem 1

The book contains three case-studies of the comitative in Icelandic, Latvian and Maltese - each of which represents one of the three language types identified earlier in the text. For the purpose of comparing the languages of Europe, a chapter

Acces PDF Zapi Combi Sem 1

is devoted to the analysis of a large parallel literary corpus (covering 64 languages) which reveals that the parameters of genetic affiliation, areal location and typological classification interact in intricate ways when it comes to

Acces PDF Zapi Combi Sem 1

predicting whether or not two languages of the sample behave similarly as to the use to which they put their comitative morphemes. With a view to determining the degree of similarity between the languages of the

Acces PDF Zapi Combi Sem 1

European sub-sample, methods of quantitative typology are employed. General linguists with an interest in case, functional typologists, grammaticalisation researchers and experts of markedness issues will value this book

Acces PDF Zapi Combi Sem 1

as an important contribution to their respective fields of interest. We regret that, due to a PDF problem, the figure on page 111 is partly shown in black. Please find the correct table here.

The author

Sergei Eisenstein's unfinished masterpiece, Ivan the Terrible, was

Acces PDF Zapi Combi Sem 1

no ordinary movie. Commissioned by Joseph Stalin in 1941 to justify state terror in the sixteenth century and in the twentieth, the film's politics, style, and epic scope aroused controversy even before it was released. In This

Acces PDF Zapi Combi Sem 1

Thing of Darkness,
Joan Neuberger
offers a sweeping
account of the
conception,
making, and
reception of Ivan
the Terrible that
weaves together
Eisenstein's
expansive thinking
and experimental
practice with a
groundbreaking

Acces PDF Zapi Combi Sem 1

new view of artistic
production under
Stalin. Drawing on
Eisenstein's
unpublished
production
notebooks, diaries,
and manuscripts,
Neuberger's
riveting narrative
chronicles
Eisenstein's
personal, creative,
and political

Acces PDF Zapi Combi Sem 1

challenges and reveals the ways cinematic invention, artistic theory, political critique, and historical and psychological analysis went hand in hand in this famously complex film. Neuberger's bold arguments and daring insights

Acces PDF Zapi Combi Sem 1

into every aspect of Eisenstein's work during this period, together with her ability to lucidly connect his wide-ranging late theory with his work on Ivan, show the director exploiting the institutions of Soviet artistic production not only

Acces PDF Zapi Combi Sem 1

to expose the cruelties of Stalin and his circle but to challenge the fundamental principles of Soviet ideology itself. Ivan the Terrible, she argues, shows us one of the world's greatest filmmakers and one of the 20th century's greatest

Acces PDF Zapi Combi Sem 1

artists observing the world around him and experimenting with every element of film art to explore the psychology of political ambition, uncover the history of recurring cycles of violence and lay bare the tragedy of absolute power.

Acces PDF Zapi Combi Sem 1

“Reader, where are you?”, wondered, in the mid-1880s, Mikhail Saltykov-Shchedrin, one of the Russian writers that paid the most attention to the readership of his time. Saltykov-Shchedrin’s call did not go

Acces PDF Zapi Combi Sem 1

unanswered. Over the past two centuries, various disciplines – from the social sciences to psychology, literary criticism, semiotics, historiography and bibliography – alternately tried to outline the specific features of the Russian reader and

Acces PDF Zapi Combi Sem 1

investigate his function in the history of Russian literary civilization. The essays collected in this volume follow in the tradition but, at the same time, present new challenges to the development of the discipline. The contributors,

Acces PDF Zapi Combi Sem 1

coming from various countries and different cultures (Russia, the US, Italy, France, Britain), discuss the subject of reading in Russia – from the age of Catherine II to the Soviet regime – from various perspectives: from aesthetics to

Acces PDF Zapi Combi Sem 1

reception, from the analysis of individual or collective practices, to the exploration of the social function of reading, to the spread and evolution of editorial formats. The contributions in this volume return a rich and

Acces PDF Zapi Combi Sem 1

articulated portrait
of a culture made
of great readers.
